

Alexander College

Alexander College and Thompson Rivers University present:
the **Post-Baccalaureate Diploma in Business pathway program**

Your Road to University Starts Here

The Post-Baccalaureate Diploma in Business (PBD-B) program is a 2-year graduate-level program that has been designed for students that have already attained a bachelor degree and choose to return to university to acquire a specialty in a functional area of business. With eight areas of specialization, the program can be customized to fit individual career needs and areas of interest.

Many students pursue a graduate degree to refine their skill sets and enhance their employment opportunities; others study for the joy of ongoing learning. The PBD-B program is also a good fit for international students who wish to come to Canada for graduate business studies and may need some additional English language support.

Alexander College

Alexander College (AC) is a private post-secondary institution with two urban campuses located in Burnaby and Vancouver, British Columbia. Program offerings include undergraduate university transfer, 2-year Associate degrees, post-graduate pathways, and an integrated English for Academic Purposes program. AC strives to provide high-quality, student-centered programs at a reasonable cost, and to provide exceptional learning support to local and international students from around the world.

YOUR ROAD TO UNIVERSITY STARTS HERE!

Thompson Rivers University

Located in Kamloops, British Columbia, TRU is a Canadian leader in international and intercultural education and welcomes students from diverse backgrounds. TRU's graduate programs develop enterprise and entrepreneurship, connect students and faculty with industry, business and community, and engage students in pure and applied research, innovation transfer and knowledge translation. TRU's vibrant, collaborative research culture and our integrated approach to graduate studies, innovation and knowledge translation promote a dynamic learning environment of inquiry and discovery.

THOMPSON RIVERS
UNIVERSITY

Pathway Program

Alexander College and Thompson Rivers University have collaborated to offer The Post-Baccalaureate Diploma in Business program. With the opportunity to choose from 8 different specialties, the PBD-B program consists of between 51-60 credits. Students complete the first year (21-36 credits) at Alexander College and, with appropriate grades, transfer to TRU for the second year (30-39 credits). The PBD-B program is normally completed over a period of 2 years.
