Alexander College ASSOCIATE OF ARTS (ECONOMICS) DEGREE REQUIREMENTS

Graduation from the Associate of Arts (Economics) Degree program requires completion of 60 credits with a cumulative GPA of 2.0 or greater. Please check the semester schedule for course availability and inquire with an Academic Advisor regarding annual course offerings. It is the student's responsibility to fulfill the degree requirements, and to adhere to Alexander College policies and procedures on degree completion and graduation. Academic Advising is not responsible for any circumstances that may prevent the student from graduating, such as failed courses, misunderstanding of degree requirements, or other factors. Academic advice provided to a student is valid at the time of advising. This program fulfills the requirements for a Flexible Pre-Major (FPM). Students are encouraged to regularly update their study plan with an Academic Advisor as the degree requirements may change each term.

6 credits (2 courses) in first-year English

Required:	One of:
ENGL 100 (3)	ENGL 101 (3)
	ENGL 102 (3)

IMPORTANT INFORMATION FOR STUDENTS IN THE ASSOCIATE DEGREE PROGRAM

General Note

Transferability of courses is determined by the receiving institution.

English and Academic Prerequisites

All courses at Alexander College have English level prerequisites. EAP English levels 097, 098, and 099 have been applied as prerequisites for all academic courses. Other prerequisites may be met by either completing transferable courses at other BCCAT member institutions or by successfully completing a prerequisite course at the College.

Repeated Courses

Students are not permitted to retake courses once they have passed a course for which it is a prerequisite. If the student has not completed (e.g. failed or withdrawn from) a prerequisite course, they are considered to have not completed it and may therefore retake the course. Exception: students who have completed EAP level 099 and below may elect to take a lower level EAP course without restriction.

A student who attempts a course (university transfer or EAP) at Alexander College may choose to attempt the course a second time. However, if a student wishes to attempt a course a third or subsequent time, they must appeal to the Dean for special permission.

Grade Point Average (GPA)

For each course included in the calculation of GPA, the course Grade Point value is multiplied by the number of course credits. The resulting values are summed over all courses, and the total is divided by the total number of credits. The result is the Grade Point average, or GPA. To determine term GPA, add the point value for all courses in a given term and divide by the total number of attempted credits in the term. To determine the cumulative GPA, add the point value for all courses and divide by the total number of attempted credits. Please note:

- GPA values are rounded up or down to the nearest hundredth of a percentage.
- Where a course has been successfully repeated, only the higher grade is used in the calculation of the GPA.
- Courses numbered 099 and lower are not used in the calculation of GPA.
- Both semester and cumulative GPA values are listed on the student's permanent record.

Minimum CGPA Requirement for Graduation

To be eligible for graduation in an Associate Degree program, students must complete all program requirements with a minimum cumulative grade point average of 2.0 (equivalent to a 'C' average). If the student's GPA is lower than 2.0, they may need to repeat some courses to meet this requirement. Please consult an Academic Advisor for help selecting courses to repeat.

Transferring Credit toward an Associate Degree

Credit for courses taken outside of Alexander College may not exceed one half of the total credit required for an Associate degree (i.e. not more than 30 credits), and unassigned credit (e.g. 1XX or 2XX) may not exceed 25% of the total credit required for an Associate degree (i.e. not more than 15 credits). Credit transfer cannot be used as a substitute for meeting all of the credential requirements. For the full policy on Credit Transfer, please view the Academic Calendar online: http://alexandercollege.ca/admissions-and-registration/academic-calendar/

For courses completed in Canada, students may apply to transfer a maximum of ten subjects (to a maximum of 30 credits) per request. For courses completed outside of Canada, students may apply to transfer a maximum of five subjects (to a maximum of 15 credits) per request. Additional requests may be considered after the previous request has been completed. To ensure that the program learning outcomes are met, a maximum of 25% international transfer credit may be applied to an Associate degree.

Change of Program

Students may request to change their program of study at any time during the academic year, subject to availability and provided they meet the requirements of the program requested. General and specific program requirements are available in the Alexander College Academic Calendar, website, or from an Academic Advising office.

Application for Graduation

Students may apply for graduation after the first day of class in their final (expected) term. Early applications for graduation will be held pending release of final grades at the end of term. To submit an application for graduation, students are required to meet with an Academic Advisor to review program requirements, calculate GPA, and complete an official Application for Graduation form.
