Transfer Credit Policy

Alexander College participates fully in the BC Council on Admissions and Transfer (BCCAT) system for articulation of courses among institutions in British Columbia. It is our policy to compare our courses to the courses of other participating institutions and to recognize course to course equivalencies where appropriate.

Limitations on Quantity of Transferred Credit

Some courses can (and must) be combined in order to obtain the equivalent 3-credit course at Alexander College. The College's Dean and the course evaluator will make this determination based on the courses content and outcome coverage.

Unless otherwise noted, external credit granted may not exceed one half of the total credit required for the program. For example, 60 credits are required for completion of the Associate of Arts degree and therefore a maximum of 30 credits can be presented for transfer into the program.

International Credit Transfer

For courses completed within Canada, students may apply to transfer a maximum of five subjects per request. For courses completed outside of Canada, students may apply to transfer a maximum of five subjects per request. Additional requests may be considered after the previous request has been completed.

To ensure that the program learning outcomes are met, a maximum of 25% international transfer credit may be applied to an Associate degree.

Assigned/Unassigned Credit

Assigned credit is given for a course that matches (with 75% correspondence or greater) a specific Alexander College course.

Unassigned credit is given for a course accepted as fulfilling a requirement but not matching a specific Alexander College course. Arts electives, including fine arts, are assigned to either Humanities (HUMN) or Social Sciences (SOSC).

In order to ensure that the program learning outcomes are met, a maximum of 25% unassigned credit may be applied toward an Associate degree.

Applicability

Credit transfer cannot be used as a substitute for meeting all of the credential requirements. For example, obtaining a total of 60 credits does not eliminate the requirement to complete a laboratory science course.

Each course accepted for transfer credit must satisfy at least one requirement for the credential.

Level of Study

AC will only accept undergraduate courses for credit transfer and prerequisites to a maximum of a 200-level credit at AC. Graduate courses may be considered for exemptions to this policy (via application to the Associate Registrar), as long as the courses adhere to the College's credit transfer guidelines and do not interfere with the student's ability to attempt further courses at the College.

Minimum Grade

Courses accepted for credit or prerequisite must have been completed with a grade of at least D (GP 1.0).

Stale Dating

Credit is not normally given for courses completed more than 7 years in the past, nor can such a course be used to satisfy a prerequisite. A decision to not accept a course for credit can be appealed to the Registrar who will consult appropriate experts (instructors or SASC members) for a decision.

Disclosure of Post-Secondary Studies

Unless they are disclosed at the time of admission, post-secondary courses completed prior to the date of admission to Alexander College are not eligible for transfer credit, however may be used to satisfy course prerequisites. *Effective from Fall 2017 term (for students admitted after July 1, 2017)*

Course Outline/Syllabus Requirements

Individual students who apply for transfer credit will have their prior courses individually assessed. All credentials issued by BCCAT member institutions receive generous consideration. Credentials issued by non-BCCAT member institutions within Canada are also considered, provided that the institution is authorized to grant degrees.

At a minimum, the course outline must contain all of the following information:

- Name of institution or official stamp
- Name/course code/title and program year of the course
- Number of course hours (e.g. number of hours per week x number of weeks)
Minimum of 40 hours per term for non-lab course/minimum of 60 hours for lab course
- Grading system used, including passing mark
- Learning outcomes and/or topics covered
- Learning resources (textbooks and other resources). Currency of text may be a factor in the acceptance or rejection of a course in certain subject areas, at the discretion of the evaluator

In the event that any of the above information is missing from the course outline, the student will be notified via email and provided with an opportunity to submit the missing information. If the missing information is not provided within 90 days of the date of the email request, the request to transfer the applicable course(s) will be deemed closed.

English Language Translations

Any transcripts or course outlines not in the English language must be accompanied by an original translation by a licensed translator. College staff are not authorized to translate documents.
