

Alexander College

YOUR ROAD TO UNIVERSITY STARTS HERE!

HEALTH AND SAFETY STUDENT GUIDE

HEY AC!

Welcome to campus! We've created this brief primer to help all AC students during the term.

WHAT TO EXPECT: ENTERING CAMPUS

MASKS

Masks are optional and highly recommended. Masks are not mandatory in most areas on campus, with the exception of Biology labs, where masks are mandatory.

FEELING ILL?

If you are exhibiting any signs of illness, please stay home. Call the non-emergency medical line at 811 for free advice from a medical professional for further guidance on testing and self-isolation

If you are already on campus and you start to feel ill, please report to the Front Desk and we will be happy to assist you.

FEELING ILL?

If you are positive for COVID-19 you must stay off campus for 7 calendar days. If you live with someone who has COVID-19 please stay off campus for 7 calendar days.

If you have cold and flu symptoms and are negative for COVID-19, please stay off campus for 5 calendar days.

If you miss a class or an exam due to illness, please contact your instructor and studentadvocacy@alexandercollege.ca

If your classmate had COVID-19, you are not considered a close contact because we have health and safety measures in place, and the transmission of COVID-19 in post-secondary settings has been very low. You may continue to come to class, and please monitor yourself daily for symptoms.

To assess your symptoms, you can use the [BC COVID-19 Self Assessment Tool](#) or call [Health Link BC](#).

The best way to protect yourself is to get vaccinated.

WHAT TO EXPECT: ON CAMPUS

EATING AND DRINKING

The Lobby and Student Den can be used for eating and drinking while seated. In classrooms, beverages with lids are permitted, but food is not permitted.

BARRIERS

Plexiglass barriers will be used for high traffic areas and student appointments.

HAND HYGIENE

Students are expected to wash their hands regularly and use hand sanitizer at our sanitation stations, located conveniently around campus.

WHAT'S NEXT?

We will continue to monitor, adapt, and convey all public health guidelines. Remember, we're here to support you.

MORE INFO

See our comprehensive [COVID-19 webpage](#) for more information.
