## UBC Bachelor of Science: Biochemistry

The following information is a summary of the transfer and program requirements from the university website. For more detailed information such as additional courses, GPA requirements etc., please consult with one of our academic advisors.

To apply to UBC as a transfer student, you are strongly encouraged to have **24 transferable credits completed by May**. Having more than 24 credits applicable to your intended program may increase your likelihood of admission.  
<https://you.ubc.ca/applying-ubc/requirements/university-college-transfer/>

### The following information is from UBC website:

Admission to the Major or Minor is not automatic and must be approved by the Department.

- Any transfer applicant who did not take Chemistry 11 or Physics 11 or acceptable equivalent from outside of BC must have taken transferable first-year courses as a replacement.
- If you have **more than 48 credits**, you **MUST** be eligible for Year 2 standing; you need at least 24 credits which includes a minimum of 15 first-year (100 level) science credits
- If you're waiting for an outcome regarding your UBC application, you still need to apply to the UBC Science Second Year Application. **You must complete all departmental and faculty requirements** for any specialization to which you apply.
- Successfully complete **six credits of post-secondary first-year English studies** at a recognized university in an English-speaking country. For more information, please check UBC [English Language Admission Standard](https://www.calendar.ubc.ca/vancouver/index.cfm?tree=12,215,410,406)

## University of Toronto: Arts and Science - Psychology

The following information is from UofT website:

<https://www.artsci.utoronto.ca/future/ready-apply/admission-requirements/transfer-students>

Credit transfer to university is not guaranteed and must be approved by the Department.

Admission consideration for transfer students will be based on a combination of academic record from **post-secondary studies**, **cumulative grade point average (CGPA)**, **most recent annual grade point average**, results in **prerequisite courses**, [English proficiency](#) (if required) and academic performance in matriculation/high school, where applicable. Admission decisions are typically based on your CGPA, including final results for the current academic year, including second term. Conditional admission may be granted prior to the completion of the academic year **based on a strong and consistent academic record**, including **strong results in prerequisite courses**.

- A minimum cumulative grade point average (CGPA) of **3.30** is required
- Program prerequisites must be met at the senior high school level, or **two full college-level semesters of an academic subject** may be considered to satisfy a prerequisite.
- Entry into all Psychology programs requires **Grade 12 Calculus and Grade 12 Biology** (we will also accept these **two courses taken at the college and university-level**). Please note that these two requirements will not be waived.
- This is a limited enrolment program. Note **there are different options** depending on whether a student has completed between 4.0 and 7.5 credits (**8 to 15 courses**), or 8.0 or more credits (**16 courses**).
- The minimum requirement is **one year of full-time study** completed at a recognized university/college in a country where English is the dominant language. **At least four full-year transferable courses (8 courses) completed with a grade of "C" in each course are required**. Courses in progress will also be considered. A current, updated transcript is required.

### Sample Transfer Plan to Year 2

### Evaluated Course Equivalency (Recommended courses)

Course equivalencies are **subject to change without notice**. A course equivalency that appears below does not guarantee that transfer credit will be awarded. Final transfer credit decisions are determined by the appropriate faculty in consultation with the Office of the Registrar at University of Toronto. <https://transferex.utoronto.ca/>
