University Transfer Guide 2026 - 2027

UBC Bachelor of Science: Statistics

The following information is a summary of the transfer and program requirements from the university website. For more detailed information such as additional courses, GPA requirements etc., please consult with one of our academic advisors.

To apply to UBC as a transfer student, you are strongly encouraged to have **24 transferable credits completed by May.** Having more than 24 credits applicable to your intended program may increase your likelihood of admission.

The following information is from UBC website:

Admission to the Major or Minor is not automatic and must be approved by the Department.

- Any transfer applicant who did not take **Chemistry 11 or Physics 11 or acceptable equivalent** from outside of BC must have taken transferable first-year courses as a replacement.
- For each undergraduate program, in addition to the specific program requirements linked below, there are several Faculty of Science requirements students need to fulfill. For full details on these requirements, see the calendar entry on General Information about the Bachelor of Science.
- Successfully complete **six credits of post-secondary first-year English studies** at a recognized university in an English-speaking country. For more information, please check UBC English Language Admission Standard https://www.stat.ubc.ca/undergraduate-programs
