University Transfer Guide 2026 - 2027

KPU Faculty of Science: Health Science

The following information is a summary of the transfer and program requirements from transfer pathway between Alexander College and KPU. For more detailed information such as additional courses, GPA requirements etc., please consult with one of our academic advisors.

The following information is from the block transfer agreement

- Students transferring into third year of KPU's BSc Major in Health Science must complete 50% of all 35 courses at KPU, which allows for 17 transfer courses at first and second year.
- AC transfer students would complete KPU's BIOL 2320 (4) – Genetics *and* HSCI 2220 (3) – Medical Terminology after transferring to KPU.
- Pending course-to-course transfer in the *BC Transfer Guide*, elective options are likely diverse.
- Subject to GPA, the table shows how Alexander College's Associate of Science graduates could receive credit for the maximum 17 courses while fulfilling most of KPU's first- and second-year course requirements.

Admission to the Major or Minor is not automatic and competitive.

- Any transfer applicant who did not take **Chemistry 11 or Physics 11 or acceptable equivalent** from outside of BC must have taken transferable first-year courses as a replacement.
- **If you have more than 48 credits**, you **MUST be eligible for UBC Science Year 2 standing**; you need at least 24 credits (including Chemistry and Physics at least the grade 11 level) which includes a minimum of 15 first year (100 level) science credits.
- If you're waiting for an outcome regarding your UBC application, you still need to apply to the UBC Science Second Year Application. You must complete all departmental and faculty requirements for any specialization to which you apply.
- Successfully complete **six credits of post-secondary first-year English studies** at a recognized university in an English-speaking country. For more information, please check UBC English Language Admission Standard

The following information is a summary of the transfer and program requirements from transfer pathway between Alexander College and TRU. For more detailed information such as additional courses, GPA requirements etc., please consult with one of our academic advisors.

The following information is from the transfer agreement

- To be considered for admission to the Bachelor of Science, Major in Data Science and to the Bachelor of Science, Major in Mathematics programs, students must have completed:
  1. English Studies 12/English First Peoples 12 with a minimum of 73% (or equivalent).
  2. Pre-Calculus 12 with a minimum C+ or equivalent within the past 2 years.
- Alexander College transfer students must meet all TRU general admission requirements, including English proficiency requirements.
- Alexander College students who are missing specific course requirements will need to make up the equivalent courses with support from their TRU program advisor.
- Transferring students must have a minimum cumulative grade point average (GPA) of 2.0 or C. Courses numbered lower than 100-level are not included in this transfer agreement.

UVic Faculty of Engineering and Computer Science: Engineering

The following information is a summary of the transfer and program requirements from the university website. For more detailed information such as additional courses, GPA requirements etc., please consult with one of our academic advisors.

This transfer pathway is designed to assist Alexander College students to transfer to the second year of UVic's Bachelor of Engineering or Software Engineering programs. Students at Alexander College take most of the first year BEng/BSEng courses, except for those which are not available at Alexander College (ENGR 120, ENGR 130, and ENGR 141) and meet other admission requirements may apply to begin their UVic Engineering program in second year.

The following information is from UVic website:

- English Language Proficiency
- Faculty of Engineering and Computer Science requirements:
  - Admission to second year of the Bachelor of engineering program requires completion of all courses listed below with a minimum **UVic GPA of "C+" (UVic 3.00 or ALEX 2.33)** and **no courses with grade less than "C."**
- Transfer applicants are required to present the following courses (or transferrable equivalents) CHEM 101 or 150, MATH 100 or 109, 101, 110 or 211, CSC 110 or 111, ATWP 135, PHYS 110 and 111.
- If a program is oversubscribed, UVic may use a **competitive GPA** based on Engineering program courses.
- **If accepted, transfer applicants will compete with UVic students for placement in their chosen program of Biomedical, Civil, Computer, Electrical, Mechanical, or Software Engineering.**

U of T Faculty of Arts and Science: Psychology

The following information is from UofT website:
https://www.artsci.utoronto.ca/future/ready-apply/admission-requirements/transfer-students
Credit transfer to university is not guaranteed and must be approved by the Department.
Admission consideration for transfer students will be based on a combination of academic record from **post-secondary studies**, **cumulative grade point average (CGPA)**, **most recent annual grade point average**, results in **prerequisite courses**, English proficiency (if required) and academic performance in matriculation/high school, where applicable. Admission decisions are typically based on your CGPA, including final results for the current academic year, including second term. Conditional admission may be granted prior to the completion of the academic year **based on a strong and consistent academic record**, including **strong results in prerequisite courses**.

- Program prerequisites must be met at the senior high school level, or two full college-level semesters of an academic subject may be considered to satisfy a prerequisite.
- Entry into all Psychology programs requires **Grade 12 Calculus and Grade 12 Biology** (we will also accept these two courses taken at the college and university-level). Please note that these two requirements will not be waived.
- This is a limited enrolment program. Note there are different options depending on whether a student has completed between 4.0 and 8.5 credits (8 to 17 courses), or 9.0 or more credits (18 courses).
- English proficiency requirements: The **minimum requirement is one year of full-time study** completed at a recognized university/college in a country where English is the dominant language. **At least four full-year transferable courses (8 courses) completed with a grade of "C" in each course** are required. Courses in progress will also be considered. A current, updated transcript is required.
- In past admission cycles, the average grade cut-off for the PSY Major program ranged from approximately ***77-79%***.

UBC Vancouver School of Economics: Bachelor of Arts in Economics

The following information is a summary of the transfer and program requirements from the university website. For more detailed information such as additional courses, GPA requirements etc., please consult with one of our academic advisors.

To apply to UBC as a transfer student, you are strongly encouraged to have **24 transferable credits completed by May.** Having more than 24 credits applicable to your intended program may increase your likelihood of admission.

https://you.ubc.ca/applying-ubc/requirements/university-college-transfer/

The following information is from UBC website:

Admission to the Major or Minor is not automatic and must be approved by the Department.

- UBC process heavily weights courses in economics and related fields, while placing a lower weight on courses in other areas.
- Most students will be admitted following their first year at UBC (27 credits) - Year 2 admission.
  - **3 credits of Principles of Microeconomics and Macroeconomics: ECON_V 101& ECON_V 102**
  - **3 credits of Writing: e.g., (WRDS 150, ASTU 150, CAP 100, Arts One, ENGL 100 or an approved equivalent)**
  - **3 credits of Differential Calculus & Integral Calculus: MATH_V 100 & MATH_V 101**
  - **3 other credits from any of ECON_V, POLI_V, PHIL_V, MATH_V, STAT_V, DSCI_V, or CPSC_V**
- Successfully complete **six credits of post-secondary first-year English studies** at a recognized university in an English-speaking country. For more information, please check UBC English Language Admission Standard https://www.calendar.ubc.ca/vancouver/index.cfm?tree=12,304,933,0#20104
